Montecristo for Women

Montecristo is, in a word, uncommon. The timepiece accommodates a very rare original vintage movement from the 1950s that is screw-balanced. The collection will obviously be limited, and only a few lucky ladies will have the pleasure of owning one. Montecristo winds in both directions, but wears in only one—extraordinary.

All bands are hand sewn with Louisiana alligator leather in light blue, brown, black, green, lavender and teal.
